

Bike Build Donation®

Building bikes for underprivileged children, many who have never had a bike, is an enjoyable and rewarding experience. We've been delivering **Bike Build Donation®** programs nationwide for over ten years - including the largest event ever, a world record, where over 3,400 people built and donated 1,048 bicycles in a single program! [See Highlight Video](#)

Our Bike Build Donation starts with exciting ice breaker activities. Your group is then formed into teams who each pick their team leader. Teams receive iPads® and instructions on how to use them to accumulate the points in our event app needed to purchase the necessary parts for the build from our "bike store."

Teams will compete in fast-paced trivia, photo, and video challenges, and other activities on their iPads to gain points to buy parts at our bike store. Once the bikes are built, they will be inspected by our bike techs to ensure they are safe to ride.

Each team will also create cool license plates and notes of encouragement that will be attached to the bicycles they have built. Space and time permitting, we will bring out the cones and stage a fast-paced bike race and award gold medals to the winning team!

The bikes your group builds will be donated to needy children who have excelled in class or after school youth programs. Whenever possible, we will have a representative from the organization receiving the donation attend the program and thank your group for their kindness and generosity. If the event timing is right, we may be able to arrange for the children to receive the bikes in person at the end of the event.

Bike Build Donation® is a registered trademark of Best Corporate Events.

Since you like this program, you may also consider [Virtual Jeopardy](#) as a remote option!

This program can be delivered as a [Hybrid Event](#).

Clients Talk About this Program

"I want to thank the team at Best for delivering such an AWESOME event! The interaction with the facilitator and the fun activities on the iPad were the best team building aspects of the program. The entire "**Bike Build Donation**" was fun! The activities kept the teams engaged and having fun. The charitable aspect of the program is the primary reason we wanted to host the event. It was very impactful to everyone. Great job!"
