

Pipeline

Our **Pipeline** program begins with a fun and challenging mini-Pipeline kickoff activity, which will inspire and energize all the teams for the latter stages of this collaborative construction event.

Your Pipeline event is a synergistic team development project where each sub-team will build a portion of a more extensive marble delivery system. Ultimately, all these sections will come together and be joined for an incredible ending display of creativity, precision, and execution.

All teams must collaborate to plan out in detail each phase of their building strategy. Every team member gets the opportunity to contribute to the concept, design, production, and branding of the completed Pipeline.

The excitement starts during the initial planning stage, which leads to the design and construction of the Pipeline using building materials that may include bamboo, plastic PVC piping, rope, tying materials, and other tools.

Teams need to conspire, communicate, and collaborate with other teams, as the marbles provided must travel freely from the beginning to the end of the Pipeline, aided only by the laws of physics and gravity!

Testing phases help expose and correct any underperforming links. Participants will then witness the first successful delivery of the marbles along the entire length of the structure. This Pipeline project is analogous to a real-world product delivery system.

To ensure a great experience, aspects of these activities may be modified for your group size, group makeup, time available, and other variables.

Since you like this program, you may also consider [Virtual Speed Networking](#) as a remote option!

Program Details

Group Size:

30 to 1,000+

Team Size:

10

Program Length:

1.5 to 2 hours

Space Requirement

25 sq. ft. per person - large space, indoors or outdoors (ballroom, gym, or similar large open meeting space)

Setting:

Indoor / Outdoor

Physicality:

Medium

Program Elements

- ✓ Collaboration & Accomplishing Common Goal
- ✓ Creativity & Resourcefulness
- ✓ Fun & Engaging Interaction
- ✓ Innovation & Problem Solving

What's Included?

Pricing varies depending upon the number of participants (minimum of 30) and includes the team building program, prep, production coordination and all materials, program design, a professional facilitator and staffing.
