

## Spin It 2 Win It!

Spin It 2 Win It! brings the fun of a TV game show to your group as an engaging and entertaining group event. Modeled after a classic TV game show, players must guess a hidden phrase one letter at a time, earning points for each correctly guessed letter.

Our Spin It 2 Win It! program has a real game show atmosphere, complete with interactive contestant podiums and an answer board on a big screen with a spinning letter wheel!

The show begins with a fun, energizing icebreaker game where teams compete to play on the main stage. Our unique design keeps everyone involved throughout the show. The letter wheel keeps this exciting game spinning, and teams with the highest scores proceed to the final round to compete for the grand prize.

Our game show host is a professional facilitator who will keep the contestants engaged from the start, guiding game progression, announcing leads, and encouraging competitive banter among the contestants. This program is the perfect way to break up a day of classes, launch orientation, or kick off an event.

Your group will stake their points and buy a vowel as they compete to become the Spin It 2 Win It! champions!
